

# Blanco Management Portal

Simplifying access to Blanco products and reports while enhancing security and sustainability

## Why Blanco

Blanco Technology Group (AIM: BLTG) provides organizations with secure, compliant, and automated solutions that accelerate the transition to the circular economy. Our precise device diagnostics help move used IT assets confidently into the circular economy, enabling enterprises, IT asset disposition (ITAD) vendors and recyclers, and mobile industry stakeholders to operate more sustainably.

Globally approved, recommended and certified by governing and industry bodies around the world, Blanco is the industry standard in data erasure and mobile lifecycle solutions. With 35+ patented or patent-pending ideas, we continue to grow the number of innovative solutions global companies can rely on to accelerate operations, secure their data, and grow their businesses.

[View Our Certifications](#)

**Purpose-built as a central interaction point between our customers and products, Blanco Management Portal offers secure, real-time data erasure and diagnostics management to fulfill compliance and security requirements.**

Blanco Management Portal centralizes access to all reporting and notifications you receive from Blanco products. Users can manage diagnostics reports and tamper-proof erasure certificates to aid audit and compliance processes. Maximize your efficiency by taking advantage of anytime, anywhere cloud infrastructure, self-service options, and our user-friendly product knowledge base.

Additionally, our sustainability dashboard helps you achieve your environmental, social, and governance (ESG) goals faster.

## Key Benefits

- ✓ View and manage all product-related activity in one secure place and report precisely on results
- ✓ Enjoy quick, simple access to product licenses and interfaces, plus a knowledgebase of FAQs, how-to-guides, videos and more
- ✓ Receive automatic software updates with high scalability and low latency
- ✓ Work out future emissions savings with our ESG calculator, with data, available via tailored algorithms, on CO<sub>2</sub> emissions reduced by Blanco products for greater sustainability
