

Blancco Management Portal (On-Premise)

Simplifying access to erasure and diagnostics activity, communications, and reports while enhancing security and sustainability

Purpose-built as a central interaction point between our customers and our products, Blancco Management Portal (On-Premise) offers a secure overview of all your Blancco solutions, fulfilling all your compliance and sustainability requirements with no need to work in the cloud.

Blancco Management Portal (On-Premise) is a central point to monitor all activity undertaken by your chosen Blancco solutions. Users can manage diagnostics reports, handle licenses, and receive tamper-proof erasure certificates to aid audit and compliance processes. Depend upon reliable, secure on-premise software with multiple self-service and support options, plus a user-friendly product knowledge base.

Key Benefits

- ▶ View and manage your product-related activity in one secure place, with precise notifications and reports on results
- ▶ Receive a unified customer experience across all Blancco products
- ▶ Enjoy quick, simple access to product licenses and interfaces to increase efficiency
- ▶ Make use of fast and flexible deployment options with centralized reporting across sites and departments

WHY BLANCCO

Blancco Technology Group provides organizations with secure, compliant, and automated solutions that accelerate the transition to the circular economy. All erasures are verified and certified through a tamper-proof audit trail.

With nearly 25 years of responding to customer needs and 35+ patented or patent ending ideas, Blancco is the industry standard in data erasure and mobile lifecycle solutions.

Our dedication to technological innovation empowers top-tier enterprises, IT asset disposition (ITAD) vendors, and mobile industry stakeholders to protect end-of-life data against unauthorized access, comply with data protection requirements, extend the usable life of IT assets, accelerate operations, and enhance the mobile customer experience.
